

bear cub

white wine | v. 2023

Crafted with precision, the 2023 Bear Cub White showcases the serious quality for which Pursued by Bear wines are known—without losing its playful spirit. The debut vintage of this delicious wine is 100% Chardonnay, offering tropical fruit aromas of lychee and pineapple intertwined with flavorful, bright lemongrass, juicy pear, and a whisper of honey butter. Round and full on the palate, the Cub's fresh, balanced mouth-feel leaves an approachable, undeniably delightful impression.

Grapes for this easy-drinking Chardonnay were sourced from the renowned Bacchus Vineyard, where warm, sun-soaked days and cool, crisp nights are ideally suited to growing high-quality grapes. The vineyard's sandy, well-drained soils, proximity to the Columbia River, and gentle elevation—offering excellent air circulation—promote perfect ripening conditions. Recognized for producing Chardonnay with vibrant citrus flavors, delicate minerality, and a touch of creaminess, Bacchus Vineyard consistently delivers wines with bright fruit character and balanced acidity.

KYLE MACLACHLAN
